AQUATIC REGISTRATION & LESSON GUIDELINES

registration

- Based on American Red Cross Learn to Swim Program, each child must be the required minimum/maximum age on the first day of each session. **Unfortunately the age requirement is not negotiable.**
- For the first session your child participates in, we recommend enrollment in the last swim level completed in Summer 2010. This serves as a great refresher after almost one year out of the water.
- Please make sure your child is registered for the correct level. If your child is registered for the incorrect level we cannot guarantee space in other levels.
- If there is an open spot in a class, the waitlist will be contacted first before allowing any other children into the class. We strongly urge you to make sure your child is signed up for the appropriate level.
- Please register your child for only one class during the session to allow others the opportunity to participate in the swim lesson program. Signing up for back to back lessons throughout the day can be very tiresome on your child. **Registration in consecutive classes is not permitted.**

lesson guidelines

- Please be prepared to present a copy of your receipt on the first day of class to the Pool Supervisor.
- During all swim lessons, please direct all questions regarding registration and swim lessons to the Pool Supervisor.
- If your child advances to a higher swim level, transfers may only be made if: 1.) Space is available in the class/session, 2.) The certificate proving the child passed the lower level is presented.
- All transfers must be made at the Community Center. **Registrations or transfers are not accepted at the pool.**
- If your child does not attend the first day of class, you will be contacted to check whether or not your child will be attending the rest of the session. If your child is no longer able to attend, the waitlist will be contacted to fill the spot.
- Financial Assistance Participants (FAP):** If your child does not attend the first day of class, your child will be automatically withdrawn from the class. The spot will be filled from the waitlist. Please refer to page 2 for more FAP information.

preschool aquatics - level 3

In Preschool Aquatics Level 3, participants build on the skills learned in Levels 1 and 2 by providing additional guided practice of basic aquatic skills at slightly more proficient performance levels and greater distances and times. Skills in this level are performed independently. Children learn to improve their coordination of combined simultaneous arm and leg actions and alternating arm and leg actions. Some skills learned in this level include independently entering and exiting the water, submerging entire body and holding their breath, front and back float unsupported, combined arm and leg actions on front and back unsupported and treading water.

The objectives of Level 4 are to develop confidence in the strokes learned thus far and to improve other aquatics skills. Participants improve their skills and increase their endurance by swimming familiar strokes (front crawl, elementary, backstroke) for greater distances. Students also continue to build upon the scissors kick and dolphin kick by adding the arms for sidestroke and butterfly. The back crawl and the breaststroke are introduced in Level 4, as well as the basics of turning at the wall.
